Add student and information. **Please note that you must register in the 2020-21 school year.**

The state requires that parents/guardians of any pupil attending public school submit documentation that the child has the mandatory immunizations. Documentation means a written statement from a physician, clinic, or an official school transcript, which lists immunizations, and the specific dates each were given. If the school is unable to translate foreign immunization records, it will be the responsibility of the parent/guardian to secure English translations of those medical records by a physician. All immunization records must have the physician's signature stamp.

Children will not be permitted to enter school in September without all medical requirements being met. Please submit all medical requirements on the day of registration.

Please note that parents who wish to enroll (transfer) their child into grades one, two, or three for 2020-21 may also register during the above dates. If your child is already enrolled in our present kindergarten program, it is not necessary to re-register for first grade.
