

District Update November 19, 2020

School Reporting Protocol

Just a reminder as to the district's reporting protocol in the event a parent needs to communicate a medical issue/update to the school where their child attends. Please note that for consistency purposes and a centralized approach to info gathering, all parents should email the following personnel any and all medical/health information relating to their child, COVID testing, close contacts etc. We ask to email ***only*** the following people so that nothing gets lost in the shuffle.

Memorial School

Michael Halligan, Principal mhalligan@maywoodschoools.org

Sharon Dunn, School Nurse sdunn@maywoodschoools.org

MAS

Michael Jordan, Principal mjordan@maywoodschoools.org

Keith Timmins, VP ktimmins@maywoodschoools.org

Diana Zuccaro, School Nurse dzuccaro@maywoodschoools.org

COVID Protocol Reminders

Symptoms

If your child is exhibiting any of the symptoms on the morning health pre screening, please keep the child home and report the information to the school nurse.

Masks

We want to thank one and all for their consistent attention to this as a mitigation strategy. This along with everything else that our community, inside and outside of the school buildings are doing, goes a long way in helping to keep our schools open.

Travel and Quarantine

As we approach several school holidays and recesses, I want to remind our families of the State's guidelines regarding travel. As we all know, Governor Murphy has designated certain states, with increasing rates of COVID-19, to be placed on a quarantine list. Travelling to those destinations requires that you quarantine or isolate when you return home to New Jersey for 14 days. This includes travel by train, bus, car, plane and any other method of transportation. Where the 14-day quarantine period overlaps with the school calendar, it results in your children's inability to return to in-person instruction. The State of New Jersey Travel Advisory and Quarantine Guidelines may be found [here](#).

COVID-19 Tests

Just a reminder that if your child goes for a COVID-19 test, please share that information directly with both your child's school nurse and the building principal. Students should not return to school until the negative test result is confirmed.
