

District Family:

Good evening, I hope all is well. As noted at the end of the school year, the District was finishing plans for the creation and implementation of a 1:1 Chromebook program for all students. We are pleased to report that we are ready to roll the program out so that each student has a chromebook and charger for the start of the 2020-21 school year regardless of whether the child is taking part in the hybrid model or is fully remote. Before we begin the process of assigning chromebooks and distributing the chromebooks to each child, we need everyone to review and complete the items found in the three links below by **August 30, 2020**.

### **Chromebook 1:1 Handbook**

Please read thoroughly with your child before completing the Chromebook Lending Agreement below.

### **Chromebook Lending Agreement**

This google form acts as the official lending agreement between the District and the family.

### **REVTRAK (\$35.00 per child due by August 30)**

This fee is per child because it is a rental/repair/insurance fee for each chromebook. Please complete the payment of the fee via REVTRAK by no later than **August 30, 2020**.

The District will be in touch in the coming weeks with the plan for the distribution and pick up of the chromebooks by our District families.

Thanks and take care.
