Winter Break - "Break"

As we hit the pause button, let's enjoy a Winter Recess Treat in the form of a "No Homework Over Winter Recess" policy within the district. Students and staff alike need a chance to breathe, recharge and be free of school related responsibilities, if for just a week. We cannot lose sight of the importance of stepping back, decompressing and recharging the batteries for 2021.

Therefore, there will be no homework assigned during our Winter Recess, and no assessments until mid week upon our return. As a reminder, we are full remote for Dec. 21, 22 & 23 and return from our Winter Recess on Monday, January 4, 2021. The week of January 4th is full virtual. We then resume our Hybrid/Cohort A/B model on Monday, January 11th.

Materials Pick - Up

We will be scheduling a materials pick up for Cohort B and Opt Outs for the week of January 4. Please stay tuned for specific time and dates.

Snow

The State has indicated that districts can choose to hold virtual days instead of true snow days. By doing so, the days will count in the 180 day count. We will decide on a case by case basis as to whether we hold virtual days or hunker down and cancel school completely on each day that comes our way.

However, because of the change in our upcoming schedule please note that if we get snow Wednesday night into Thursday and have to consider using a snow day, we will definitely use it as a virtual day of teaching/learning on Thursday and perhaps Friday.

Toy Drive

A little good news in the mix never hurts. The look on the faces of the Student Council officers who stood in the rain, at times under a tent, for three hours on Saturday when they saw the overwhelming donations of toys was priceless. Over 250 toys were dropped off during those three hours and I can tell you that the kids were ecstatic. They were already looking forward to next Saturday when they have another collection.
