

District Update December 4, 2020

COVID 19 Regional Matrix Update

As mentioned in the last update, the District will continue to monitor the COVID Matrix. For the last two weeks the matrix has remained at the “Orange” level, and has not shifted to “Red.” We will continue to consult with the BCDOH and the Boro to monitor all local and county information. If there becomes a need to shift to full remote we would like to provide as much lead time as possible to our families so as to assist in their planning. Stay tuned.

Week of December 7

A reminder that Memorial School resumes Hybrid Instruction next week as we welcome back Cohort A in person students on Monday, December 7th. MAS is also Hybrid this coming week.

Winter Wonderland Update (Flier attached)

The planning meeting took place this past week and we look forward to hosting this event. The final decision on the Winter Wonderland date and whether we keep it scheduled for December 18th or postpone will be made later this week. Regardless we will host the Tomorrow's Children's Fund toy drive and we will accept donations of decorations because we plan to run the Wonderland as an annual event.

70" TV Raffle
