District Survey

We want to thank our Maywood families for the patience and support demonstrated during this uncertain time that depended upon remote learning. We are excited for the opportunity to return to school in the fall in programmatic ways that support the health of all students, staff and their families.

This survey is based on the guidelines set forth in "The Road Back: Restart and Recovery Plan for Education" released by the NJDOE on June 26, 2020.

Your participation in this comprehensive survey is important to us and will help support your needs as we prepare for the 2020-2021 school year. This is a significant opportunity to have your opinions heard and considered.

We recognize that a parent's concerns for one child may differ from those for another child. For this reason, we invite all parents to complete ONE survey for EACH child you have enrolled in Maywood. This survey does not collect names, email addresses, or student information. We hope this encourages all parents/caregivers to reply in ways that truly reflect their opinions and feelings. This information will be given thoughtful consideration by our administrators, staff as well as our district-level and school-level restart committees. Note that a separate form will be shared out seeking volunteers to assist with the Fall planning . . . if you are interested in volunteering for this work, please be sure to complete it when you receive it later this week.

If interested, please complete all sections of this anonymous survey by Tuesday, July 7, 2020.

Thank you,
Michael Jordan
Superintendent of Schools
