

District Family:

Good evening, I hope all is well. I would like to share with you information regarding a program that Maywood would like to offer beginning this coming Monday as a result of working with federal and state opportunities. The program specifically intends to assist those families who have and/or are experiencing negative economic impact due to COVID-19. Families who feel they fall into this category will be offered the opportunity to receive prepackaged free lunches until such time that school returns to normalcy. If your family has experienced a negative impact due to COVID -19 and you feel you would benefit from receiving free lunch meals, you are asked to complete the google form below by no later than 9 pm on September 17th.

Lunch meals for those who sign up will be distributed at both MAS and Memorial at 12:30 pm on Mondays and Thursdays each week. The Monday pick up will be three lunch meals for Monday, Tuesday and Wednesday. The Thursday pick up will be two lunch meals for Thursday and Friday. Students in cohort A, B or opt out would pick up on their way home from in person schooling or have someone pick up for them if they are virtual on either Monday or Thursday or on both days. Those who sign up will be provided with the specific location for pick up via email. This program will start on Monday, September 21st.

We feel strongly that a good lunch supports academic success and hope that this program will assist those families who have been negatively impacted from an economic standpoint due to the pandemic in some small way. We ask you to only sign up if indeed you have a negative economic impact so that we make sure to provide to those who truly are in need. The deadline for submission needs to be abided by as we need to work with our food service provider to make sure the order is accurate. We ask that if you feel you fall into this category that you please make sure to complete the google form by no later than 9 pm on September 17th.
