Please note that we need the AM Drop Off to be in a Drop & Go format to avoid crowds gathering.

Dismissal will take place at the same locations and we also ask that gatherings not take place.

All students will be asked to stand on a clearly marked line/dot that will allow for 6 ft of separation while they wait to enter the building. Upon entering the building they will have their temperature taken by either a robotic scanner or a handheld, touchless scanner, before proceeding to their homeroom.

As a reminder, all students are required to have their masks on as they arrive on school grounds.
