

August 21 , 2020

To Parent Teacher & Employee Organizations:

The Maywood Board of Education has contracted with Environmental Remediation & Management Inc. to act as their “Designated Person” as defined under the Asbestos Hazard Emergency Response Act (AHERA) of 1986. AHERA required that all educational facilities be inspected for asbestos – containing materials and develop a remedial plan of action on or before May 9, 1989. In addition, each educational facility shall reassess all identified asbestos – containing materials or materials assumed to be asbestos, at least once every six months (periodic surveillance) and re-inspect those facilities every three years (tri-annual re-inspection).

The Maywood Board of Education is in compliance with these requirements. The most recent Tri-annual re-inspection was performed in November 2018. “Periodic Surveillance” inspections are performed every May and November, unless a Tri-annual re-inspection is due. The most recent “periodic Surveillance” inspection was performed in May of 2020, with the next one scheduled for November, 2020.

Following each inspection, appropriate remedial actions are recommended to the Board of Education by an accredited Asbestos Management Planner. The remedial plans of action and recommended schedules for implementation (Asbestos Management Plans) are available for review at the Maywood Administrative Office, as well as in each school office.

We will continue to keep you informed of our AHERA compliance.

Respectfully Yours,

Cathy DiNardo

ER&M Inc.
Designated Person on behalf
of the Maywood Board of Education
