MAS Parents/Guardians:

Please note the important information regarding Immunization requirements for incoming 6<sup>th</sup> graders and the information outlining the sports physical requirements.

## **IMMUNIZATION INFORMATION for incoming 6th graders-**

As you know by the letters sent out in the Spring, all incoming 6th grade students, when they turn 11 years of age, are now required to have two new immunizations-Meningitis vaccine and a Tdap booster (Tetanus, diphtheria and pertussis). If you have the paperwork from the MD that your child has received the immunizations please drop it off in the main office at MAS over the summer. Your child will not be able to attend school in the September if these requirements are not met.

## **SPORTS PHYSICALS**

All students entering 6th, 7th and 8th grades in the fall who want to try out for sports (cross country, basketball, cheerleading), or who will want to participate in school intramurals this school year MUST have a sports physical in order to do so. There is a specific form, issued by the state of NJ which MUST be used. You may pick up the forms in the main office at MAS during the week if you need one. The forms are good for one year so if your child had a physical last October he/she will not need a new one until then. However, the paperwork must still be filled out if the school does not already have one on file. If you have these forms over the summer, please drop them off at the main office at MAS before school starts so we can start the process of having your child approved to try out for the sport he/she is interested in.
